

## Yearbook

Yearbooks are first and foremost a history book, in that it captures the year in the life of students. Our yearbook covers a wide variety of topics including academics, student life, sports, clubs and other major school events. Generally, each student has a commemorative class portrait, while seniors are highlighted with designated pages and grad ads. Each school organization, such as a sports team or academic/social club, is usually recognized for the contributions to the school. The high school yearbook staff consists of students with one or more faculty advisors. The yearbook staff can be chosen in a variety of ways, including a volunteer extracurricular organization or a journalism class.
